WASHINGTON, May 25.—Postmaster-General Payne to-day dismissed Daniel F. Miller, assistant attorney in the office of the Assistant Attorney-General for the Postoffice Department, for accepting a bribe in connection with the case of

John J. Ryan & Co., charged with fraud-ulent use of the mails.

Miller was taken to the City Hall to-night and placed under arrest by a deputy marshal. Ho waived examination and was released on \$1,500 bonds for ap-pearance in court in Cincinnati last autum.

The warrant, it was learned late tonight, charges conspiracy, instead of
bribery, as first reported.

A warrant on the same charge has been
issued for the arrest of George M. Johns,
a lawyer of Rockville, Park county, Ind.
It was intended to have both arrests
made at the same time, but no report
has been received yet of Johns' apprelension.

has been received yet of Johns' apprehension.

Another warrant has been issued for a man who is charged with being the gobetween in the transaction. A postoffice inspector has gone West from Cincinnati to effect the arrest, which is expected to occur to-night or to-morrow. The bribe is alleged o have been accepted at Cincinnati last December.

Miller came here from Terre Haute, Ind., about two years ago. Ho was appointed by former Assistant Attorney-General Jumes Tyner, The charge against Miller has been under investigation for three months. The Ryan company was a turf investment concern, which operated at St. Louis and Irvington, Ky. Its methods and working operations are said to be similar to those of the Arnold company, which has figured conspicuously in the postoffice investigation.

The inspectors have been quietly at work on the case, and action was iclayed so they might get together all the papers and evidence which in their opinion was necessary. Postoffice Inspector Vicars, at Cincinnati, and Inspector R. M. Fulton, at St. Louis, recently were given full charge of the case.

Complaint was made by Inspector Fulton perfore a United States commissioner at Cincinnati Saturday, and a warrant was then issued for Miller and for the other party. Inspector Fulton immediately came to Washington, while another inspector went West from Cincinnati to make the other arrest. Inspector Fulton to-day exhibited the papers in the case to United States District Attorney Beach. To-night Miller is in the custody of a postoffice inspector.

WAS AT HIS DESK.

Miller was at his desk during the day. He was called into the office of Attorney. General Robb shortly after 3 o'clock this afternoon and notified of his immediate Gismissal and of the steps that had been taken. He was allowed to draw his salary, and then return to the private office of the assistant attorney-general, where inspectors were in waiting.

Th Ryan Company was the beneficiary under a decision of the assistant attorney-general, where inspectors were in waiting.

The Ryan Company was the beneficiary under a decision of the assistant attorney-general of the Postoffice Department made several months ago, subsequent to the decision. Those decision, it is stated, was signed by Assistant Attorney-General Typer and the Ryan decision by George A. C. Christiancy, the law clerk of the department, who was then acting assistant attorney-general, owing to Mr. Tyner's protracted illness. Mr. Christiancy was at the Postoffice Department.

The penalty for the offense is "not more than three times the amount asked or accepted, and by imprisonment not to exceed three years."

This charitable association was called "The Daughters of the Lord." On a certain occasion one of the most attractive of these young ladies was visiting the hospital with refreshments and had given some cake and wine to a solder of the Stonewall Brigade who had lost an arm in battle. As she was turning away, the young Confederate, who was fascinated by her beauty, said:

The tramp went around the corner of the dwelling and immediately returned, making his way towards the front gate, when the lady called out to him:

NEW YORK, May 25.—The stock market opened with a good deal of excitement to-day, and, amid the throwing over of some large lots of stock, there was a great deal of confusion during the first quarter ed. an hour. It represented largely the liquidation of orders from the country, of which hundreds had poured in. The sharpest declines were in the issues which were the objects of attack on Saturday. Six thousand shares of Rock Island came out at 28 3-4 to 39, as compared with a closing price of 39 1-2 on Saturday; of United States Steel, 3,500 were sold simultaneously at 31 3-8 and 31 3-4, as compared with 31 5-8 Saturday, and St. Paul dropped to 147 7-8, as compared with 161 1-4 Saturday, thus making a new low record since May 1501.

Other features of weakness were Union

pared with 1611-! Saturday, thus making a new low record since May 9, 1920.

Other features of weakness were Union Pacino, which dropped 7-8 to 861-8; Missouri Pacido, 17-8 to 105; Amalgamated Copper, 1 to 667-8; Wabash preferred, to 43-4; Pennsylvania, 5-8 to 1253-4, and New York Central, 1-2 to 125. The only firm issues were the coalers, Erie shares advancing from 1 to 11-2 points, and Reading recovering fractionally. At the end of the first hour the liquidation seemed to have largely spent itself.

There was renewed liquidation after a brief pause, which carried to a lower level the stocks which had resisted the early weakness. Among the stocks to suffer were Southern Pacific, Union Pacific, Atohison, Reading and the Pennsylvania group, which lost 1 to 2 points, Pennsylvania cuching 125-12, the low point, before the formation of the underwriting syndicate. Other declines were: St. Paul 36-8; Rock Island and Missouri Pacific, 23-8; Consolidated Gas, 3-1-2; Brocklyn Transit, 3; Minneapolis and St. Paul broke to 6 under Saturday; Northwestern, 25-8; Iowa Central stocks, 3; St. Louis Southwestern preferred and Westinghouse Electric 41-4, and General Electric, 3-3-4. Rallies of one point in a few stocks and two in others were reported when the room short covered. The closing was unsettled.

On the ourb Northern Securities were the weak feature, declining to 91, a new low record for it.
